

# TANK TUFF<sup>®</sup>

## PAVER TRACKS

### REINFORCED DRIVE LUGS

The combination of the one-step process and our armor strengthened lug system ensures your tread lugs do not tear and are less prone to wear than the competition.

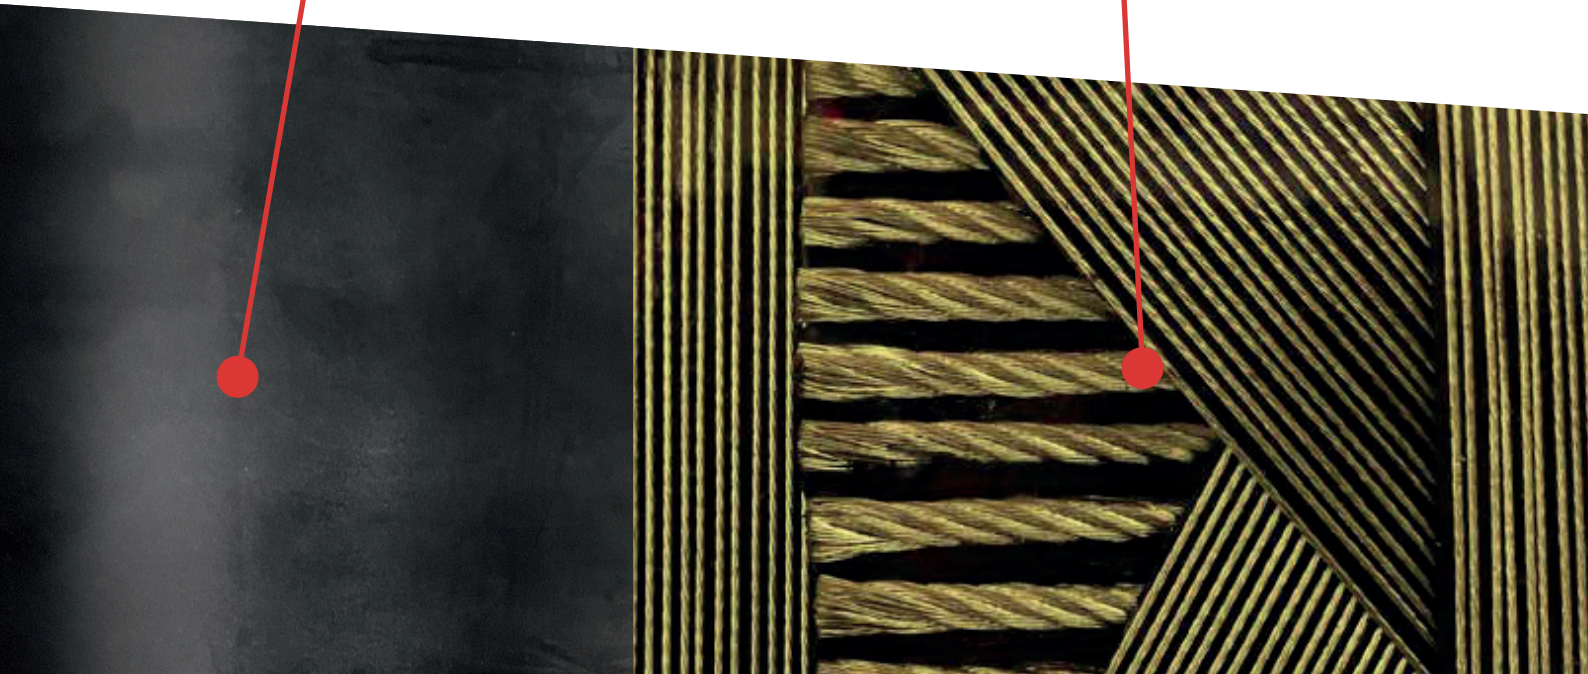

### PREMIUM NATURAL RUBBER COMPOUNDS

Tank Tuff use only the highest-quality materials resulting in a rubber track with great durability.

### STRONGEST CABLE SYSTEM

Up to 6.5mm High Tensile Main Cable, four additional steel cable layers plus two additional fabric layers enables Tank Tuff to achieve remarkable strength.
